

Russian Mennonite Emigration List: 1923

Central State Archives of Supreme Bodies of Power and Government of Ukraine (TsDAVO Fond 413 Opis 2 Delo 10)

Provided by Glenn H. Penner (gpenner@uoguelph.ca)

The following two Russian language lists were posted by Viktor Petkau on the [Mennonitische Geschichte und Ahnenforschung](#) website also commonly known as the Willi Vogt website.

Below are professional transcriptions/translations of these lists which I have edited in order to make personal and village names uniform and recognizable to the typical Mennonite genealogist.

Mennonite settlers residing in the Villages of Molochanskaya volost, [illegible] uyezd, Zaporozhskaya guberniya, who have the right to immigrate to America based on the permission #21383 granted by NKID of UkSSR [Ukrainian Soviet Socialist Republic] on April 24th of this year [1923, based on the dates at the end of the document]
