

Mennonite Births from the Lutheran and Catholic Church Records of Culm: 1787-1850

Nearly all of the Mennonite records from the Schönsee Mennonite congregation near Culm were lost during World War II. As a result, one must rely on other records for genealogical research.

Lutheran churches in Prussia were required to record the births, marriages, and deaths of Mennonites from 1800 until 1874. Catholic churches in Prussia also recorded the births, marriages, and deaths of Mennonites. The following is an amalgamation of three different lists of Mennonite births in Culm extracted by Glenn H. Penner, with transcription assistance from John D. Richert for the 1831-50 births.

The four sources are:

- [Mennonite Births in the Catholic Church Records of Culm, 1787-1817: LDS #1569295](#)
- [Mennonite Births from the Lutheran Church Records of Culm, West Prussia: 1800– 1830](#)
- [Mennonite Births from the Lutheran Church Records of Culm, West Prussia, 1831-1850: LDS #161715](#)

The table is organized first in order by date and second by family group and is sorted according to father's name, mother's name, and the date of birth of the child. The father's status column has been eliminated in this table, as have been the comments. These two columns can be found in the above sources.
