

Chortitza Mennonite Settlement Property Transfers Report: 1812

Dnipro, Ukraine, State Archives DADO Fond 134 Opis 1 Delo 169

Translated by Wilhelm Friesen and Glenn H Penner (gpenner@uoguelph.ca)

The following is a report from the year 1812 of property ownership transfers in the Chortitza Mennonite Settlement and the village of Kronsgarten.

If no date of transfer is given the transfer occurred in, or before, 1807. Dates are given for transfers from 1807 to 1812. The columns labelled “M” and “F” contains counts of males and females. It is unclear as to which family is being counted and the year of the count. This is of little concern since much more accurate family information for those years is provided in the many census lists available on <https://www.mennonitegenealogy.com/russia/>.

These property transfers can be compared to those found in Peter Rempel’s *Mennonite Migrations*, pages 1 to 52, to pages 246 to 256 in B. H. Unruh’s *Hintergruende*, and to the many early Chortitza settlement property transfer documents found in Fond 6 Inventory 1 from the Odessa State archives (available on microfilm at most Mennonite archives).

Printing Note: This document is formatted for 8½ x 14 paper.
