

1829 Molotschna Settlement Lists of Loans

St. Petersburg Archives (RGIA)

Fond 383 Opis 29 Delo 541

Translated from Russian to German by Wilhelm Friesen, Detmold, Germany;

Translated from German to English and edited by Glenn H Penner (gpenner@uoguelph.ca), Winnipeg, Canada

One of the agreements Mennonite settlers had with the Russian government was that they were to receive interest free loans, payable within 10 years, for the costs of settling in Russia. The following two lists contain information on those who took out loans during the period 1818 to 1828. Names which could not be deciphered are highlighted in yellow. Note that the original was written in Russian Cyrillic by government officials, which means that the spellings of personal names do not reflect how the person actually spelled their name. All location names have been standardized to the acceptable versions.

Register of Mennonites who settled in the Molotschna colonies, Ujesd Melitopol, Taurien Governorate, and for whom payments by privilege were made from 1816-25 and 1828, with an indication of how much aid money each individual received from the state treasury
