

Molotschna Mennonite Settlement Census for October 1807

State Archives of Dnipropetrovsk Oblast - DADnO (ДАДНО), Dnipro, Ukraine Fond 134 Opis 1 Delo 174

Translated by Glenn H Penner (gpenner@uoguelph.ca)

The following census of the Molotschna colony was concluded on the 26th of October 1807 and accounts for 1,810 Mennonites: 948 males and 862 females.

All surnames and first names have been standardized to help with searching this census. For example, the surname Derksen and the first name Dirk are used, the names Christina and Justina have been combined into Christina, Dever has been converted into Fehr, etc.

There are a few differences between this list and the one for [1806](#). First, the ages in this census are more accurate. Second, there were significantly fewer young people living with other families. Most were counted with their own families. Also, there are people in this census who are not found in the 1806 census. A few of these can be identified as those who arrived in the colony in 1806-1807, at the tail end of the big 1803-1805 immigration wave. See my survey [here](#). Some seem to have been missed in 1806.

If known, the full names of stepchildren, relatives and others living with the family, are given in the Occupation/Comments column. Yellow cells indicate questionable data or individuals not identified in the GRanDMA database.

The occupations have not been translated in the table. Approximate translations are:

<i>Leinweber</i>	Linen weaver	<i>Schuster</i>	Shoemaker
<i>Mauer</i>	Bricklayer / Mason	<i>Tischler</i>	Furniture / Cabinet maker
<i>Mueller</i>	Miller	<i>Weber</i>	Weaver
<i>Schmidt</i>	Smith (usually a blacksmith)	<i>Zimmermann</i>	Carpenter
<i>Schneider</i>	Tailor		

Einwohner simply means inhabitant (unrelated to the term *Anwohner* used in Russia)
