

# Orenburg Colony Petition: 1916

Transcribed by Glenn H Penner ([gpenner@uoguelph.ca](mailto:gpenner@uoguelph.ca))

On July 11, 1916, the household heads of the Orenburg Mennonite congregation officially requested permission from the Russian government to have metric books and a church seal. This petition was signed by 160 men. Of genealogical importance is the fact that of the 160 who signed, 155 provided their patronymic in their signature, indicating the names of their fathers, and 100 men included their ages.

The original petition is found in the State Archives of the Orenburg Oblast (SAOO), Fond 11, Opis 2 Delo 3032. A Russian transcription is found at <http://www.family.rempel.pro/akten/1917prosh.htm>. I have converted the names into recognizable forms, tabulated the information, and calculated the birth years for those who provided ages. Many of these men can be found in the GRANDMA database (<https://www.grandmaonline.org/gmolstore/pc/Overview-d1.htm>). The village names have been modified to match those used by the GRANDMA database.

For more information on the Orenburg colony see:
