

Emigration from the Tragheimerweide Congregation in West Prussia to Samara and other Regions in Russia and Poland

Glenn H Penner (gpenner@uoguelph.ca)

In the mid-1930s H. H. Schroeder published a series of articles in the *Mennonitische Volkswarte* with the title *Suche deine Ahnen*. These were mostly extracts from the records of the Tragheimerweide congregation in West Prussia. Good quality scans and transcriptions of these records are available via this website, [here](#) and [here](#). The data from these sources have been incorporated into the GGrandMA database. This document, however, has not survived, and all we have is Schroeder's extraction.

I have summarized the information Schroeder transcribed in the following table. [A scan of the *Volkswarte* article is also available.](#)
