**State Archives of Zaporizhzhya Oblast
Fond 1415, Inventory 1, File 4**

Translated by Tim Janzen with assistance from Natalia Prikhodko

Page 11 in the file contains a census of 86 residents in the village of Wernersdorf in the Molotschna Mennonite Settlement who have the right to vote on land matters. These people were likely landowners. The names and ages of these people are given in the census. This census seems to have been compiled about 1924. I have identified as many of these people in the Grandma database as possible, but I haven't yet been able to identify all of these people. If you know more about any of the people in this census for whom I have not provided a Grandma number, please contact me and provide me with additional information about those people.
